Laboratory testing for Florida residents and non-Florida residents over the past 2 weeks

Number and percent of positive labs

These counts include the number of people for whom the department received laboratory results by day. People tested on multiple days will be included for each day a new result was received. A person is only counted once for each day they are tested, regardless of whether multiple specimens are tested or multiple results are received. If a person has a positive specimen and a negative specimen in the same day, only the positive result is counted.
